RECENT PROJECTS

Rhyme Time

React | REST APIs | JS

- A single-page React app that generates rhymes per user-generated search word
- Solo project using RESTful APIs, core React concepts, understanding of app architecture, and functional programming

Queen Quotes

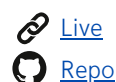

JS | REST APIs | SCSS | HTML

- A quiz app where the user guesses which Drag Race Queen said a famous quote based on randomized data from the API
- Pair-programming project using RESTful APIs, JavaScript, DOM manipulation, error handling and UI design
- Created using vanilla JS and SCSS partials

BeachStays

JS | SCSS | HTML

- A multi-page PSD conversion
- Fully responsive and accessible design
- Functional UI elements with JavaScript including a hamburger menu, form submissions and image carousel

WORK EXPERIENCE

Toronto District School Board, Teacher | Oct 2020-present

- Fostered intellectually rich and socially inclusive in-person and virtual classrooms, and reached 100+ students per semester through incorporating interactive EdTech (i.e. Nearpod, Peardeck, Flipgrid, Padlet, Mentimeter, Soundtrap etc.)
- Coordinated a year-end Music and Arts Concert which reached a 300+ community audience, and raised OSSLT scores from 92-98% through targeted extra-help

York University, Research Assistant | May-Aug 2020

- Assisted in creating a resource guide for digital music technology aimed to help classroom music teachers increase use of emerging music technologies in their classroom. Successfully implemented resource guide to support the 50+ teaching staff at the Community Music Schools of Toronto.

Helen Ziegler & Assoc., Recruitment Coordinator | May 2017-Aug 2018

- Supported in recruiting and screening healthcare candidates for hospitals in the Arabian Peninsula, and tracked the status of candidate requirements for 50+ candidates at a time
- Received a promotion from Recruitment Assistant to Recruitment Coordinator, and 2 pay raises in under 12 months

Community Music Schools of Toronto, Faculty | Jan 2017-present

- Taught music through online platforms during COVID-19 restrictions (Zoom, creating YouTube videos and using Music EdTech), reaching a total student body of 700+ students in Regent Park, Jane and Finch, and other satellite locations
- Worked with K-12 students in a classroom-setting, urban community school and developed creative resources to meet student interests and learning needs, collaborating with 50+ staff and faculty members
